Army-Navy Baseball Game May 29
Annapolis, Md., Dec. 3.—The annual
baseball game between Army and Navy
next season will be played at West
Point on May 29, according to Navy
baseball schedule for 1915, announced
today.

Other games on the schedule include:
March 24, Westleyan; April 7, Yale;
April 21, Harvard.

JUDGE JETER C. PRITCHARD
2. CHARLES NAGEL

NEUTRAL ARBITERS
SITTING IN CHICAGO
IN RAILROAD CASE.

Chicago, Dec. 4.—The arbitration of
questions at issue between ninety-
eight western railroad companies and
\$5,000,000 of their locomotive engineers
is under way here before a board ap-
pointed under the Newlands act. Rep-
resentatives of the men claim that
every one of their sixteen demands,
with two exceptions of a comparatively
minor nature, had been granted by the
company. They also claim that the
company's concessions now demanded of
all the railroads are in actual existence
on some roads, although no one road
has granted all of them. But concretely
the demands amount to a 10 per
cent. increase in wages. The arbi-
trators who are listening to the evi-
dence in the case are Judge Peter C.
Pritchard and Charles Nagel, ap-
pointed by the government. W. L. Ford
and H. E. Byrhal, representing the
railroads, and F. A. Burgess and Tim-
othy Shea, representing the employes

Lawyers Examine Johnson's Contract

Legal Talent Claims That the Star Pitcher Was Free to Sign With any Club, According to His 1914 Washington American Contract—Fedeals Willing to Go to Court—Option Clause May Hold Johnson in Organized Ball.

Chicago, Dec. 4.—The best legal talent in the country examined Walter Johnson's 1914 contract with the Washington American league team and advised that the star pitcher was free to sign with any club he pleased for 1915. President Glimore of the Federal league said today in reply to the threat of the Washington club officials to appeal to the courts to prevent Johnson from jumping to the Federal league.

"We would prefer not to go to court about it, but if the Washington club insists on spending money for litigation we will meet them," Johnson will play with the Chicago Federal league team next year, and the year after, as his contract with us is legal and will stand every test.

The option clause of the contract between the Washington baseball club and Walter Johnson, which he signed on which the battle for his services between the American and Federal leagues is to be waged, according to a statement tonight by R. B. Johnson, president of the American league.

Johnson, according to R. B. Johnson, has received a communication from C. M. Miner, president of the Washington club, saying that the club's attorneys had agreed that this clause would hold Johnson in organized baseball.

Of the \$12,000 salary paid the pitcher last year, the contract stipulated, it is said, that \$5,000 was for his pitching and the balance was for his services as a player. The option clause was for an option on future service.

ONE MAN COACHING SYSTEM DEMANDED.
Interesting Reports Learned from Princeton Football Circles.

Stories showing how badly the football committee handled the Princeton eleven this year are giving increasing impetus to the demand from both students and graduates for a one-man coaching system for the Orange and Black.

The latest report how the committee of five bungled things has to do with the losing of the Yale game. From an authoritative source Princeton it is learned that the Tigers' defense against the forward pass was suddenly changed the day before the Yale game by one of the younger members of the committee, who failed to notify his colleagues.

According to this yarn, Snake Ames, chairman of the committee, asked Tibbott in the dressing room after the game what he was doing so close to the line when Yale scored their first touchdown on a forward pass from LeGore to Ainsworth.

"I was ordered to play up near the line yesterday," replied Tibbott, who has been in his regular position might have been able to intercept the pass. As it was he was so close to the line that the pass went over his head and he could not get back quick enough to catch Ainsworth, who was racing to the goal with the ball. Ames insisted and discovered that one of the younger members, without any authority and acting solely on his own responsibility, had "changed" the entire system for breaking up forward passes.

Bill Lee gave another example how the fine material at Princeton this season was juggled. We old fellows," said the former Tiger star, "were made to feel that we were not wanted. We tried to suggest that the players be taught the rudiments of the game.

Financial and Commercial

INVESTMENT CONDITIONS MORE PROMISING
Demonstrated by the Ready Sale of \$12,700,000 Canadian Pacific 4 1/2 Trust Certificates.

New York, Dec. 4.—Financial investment conditions were more promising today. This was demonstrated by the ready sale of the \$12,700,000 worth of Canadian Pacific 4 1/2 trust certificates offered by a banking syndicate. There was also a further extension of the inquiry for various short term notes, including New York city 8's, which retained their recent advantage.

Monetary conditions were again a pronounced factor, the relaxation of rates in 30 and 60 days loans being most apparent. There was an even larger supply of call money at 3 1/2 per cent and most time renewals were deducted to 5 per cent. This figure being scaled on prime collateral. The phase of the financial situation seemed to rise to renewed rumors of foreign loans by our bankers, as well as the probabilities of considerable home financing. It was known that a number of domestic corporations were about to enter the market for funds to meet maturing obligations and the new year was expected to witness many operations of this character. A few changes, mainly in the direction of improvement, were seen in the list of stock prices issued by the exchange. People's 6's of Chicago gained two points and St. Paul 1 1/4, with fractional advances in Pennsylvania and Union Pacific.

Trading in bonds was marked by more narrowness and smaller offerings, with an irregular mixture of gains and losses, the latter being more pronounced in relatively unknown issues. Gains extended generally from 1 to 4 points. Virginia debt certificates rose 3 points.

Foreign exchange played less than its usual part in the day's business bills and draft on London being in light request. Mark, however, lost little of their recent strength, the advance again being ascribed to German sales of our bonds in this market.

One of the largest railroads placed an order for rails. Other contracts for like materials are said to be pending. Pittsburgh and other steel centers reported an increase in operations and the textile markets also made an improved showing, an increased jobbing demand.

Private London cables hinted at a hitch in the proposed reopening of that exchange, with a resultant depressing effect on speculative sentiment.
